ATLAS BOAT LIFTS Limited Warranty

During the term of the Limited Warranty on our products, ATLAS BOAT LIFTS, referred to as ATLAS will cover the replacement of any components found defective in material or workmanship.

15 YEAR WARRANTY

What is covered:

Extruded aluminum components are covered for a period of 15 years. These include but are not limited to, posts, cradle frames, extruded frame components, extruded mounting brackets and clamps.

Steel components such as winch wheels and winch case, with exception to paint related issues.

2 YEAR WARRANTY

The basic two-year warranty covers the replacement of all boat lift components supplied by ATLAS that are defective in material or workmanship. This includes all steel, plastic, and aluminum components as well as cables, pulleys, and chains.

ORIGINAL BUYER

This warranty is extended only to the first, original buyer and does not extend to second or third buyers of ATLAS products.

INTENDED USE

ATLAS boat lifts are intended to raise boats from water. Any use other than to raise boats is not recommended and voids warranty.

WHAT IS NOT COVERED

Damage caused by installation or removal, or damage caused by the equipment used for installation or removal. Damage caused by excessive wind or hail, floods, lightning, tree sap, water hazards, exposure to damaging chemicals, or salt, etc. Damage caused by installation of aftermarket components not supplied or recommended by ATLAS. Any lift not assembled by an authorized ATLAS dealer.

ATLAS BOAT LIFTS is a manufacturer and wholesale seller of boat lifts and boat lift components to dealers. Please contact the dealer from whom you purchased the lift for warranty assistance.
